

## The Andersons To Perú

February 2017

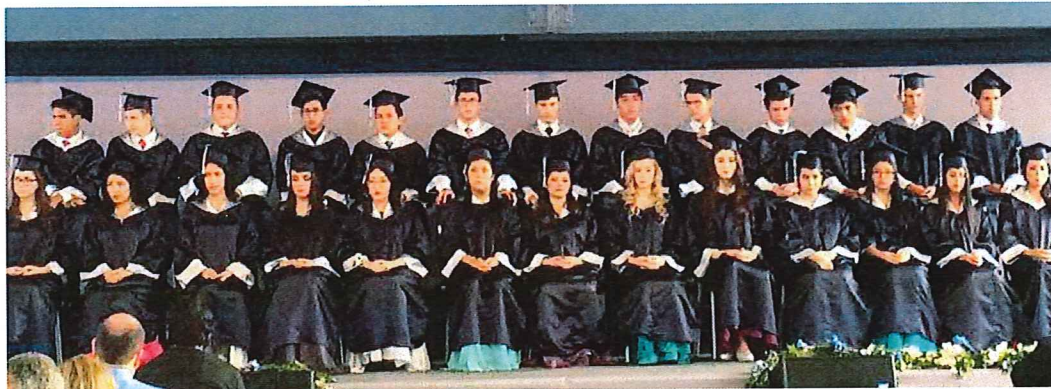

### *Krista has graduated!*

*In December the Class of 2016 celebrated their final days as students of La Molina Christian Schools. Many of them have committed their lives to Christ and are following Him. Many of their family members have also come to know Christ as Savior.*

*We appreciate the teachers who have invested in these students. One of our students finished his speech with a tribute to a teacher who had a great influence in his life:*

*“Mr. D, I still walk in Truth and I will for the rest of my days,  
as a man of the Word of God, steadfast in Truth and smart in will.”*

*We pray that each of our 340 students will learn to walk in Truth. That is the goal of LMCS.*

*In the last few months two of the missionary kids that we work with have accepted Christ as their Savior.*

*We have been in the USA since the middle of December and will return to Peru the first week of March. We have been in churches in New Mexico, Arizona, Texas, Florida, Ohio, and Michigan...and they were just in January. We will continue to travel visiting churches, family members and friends. We also will be in several Christian Universities recruiting teachers for LMCS. Please pray for safety in our travels. Pray that God will put us in contact with the right people at each place.*

*Thank you for your support and prayers,  
Rick and Kathy Anderson*
