

## NEWS IN BRIEF

### Half Of Israel Wants A Jewish Temple In Jerusalem

In a recent nationwide poll taken by the Knesset, Israel's legislative body, 49% of the body politic of Israel said they want to see the holy temple rebuilt on the Temple Mount in Jerusalem where there once stood two previous Jewish temples. The last one, Herod's temple, was destroyed in 70AD by the Roman soldiers led by General Titus.

The Israeli public is about evenly split on whether they believe the temple will be rebuilt with a slight edge (42% - 39%) to those who believe that the third temple will be rebuilt. Given the current political climate, the onset of construction of the temple is not likely to go over quietly in the Islamic world which currently has day to day control of the Temple Mount.

### Hamas Leader: All Jews Will Soon Be Expelled From Israel

Mahmoud Zahar, a Hamas leader in the Gaza Strip, says the Jews of Israel, (Palestine) as he referred to the Jewish nation, will be soon expelled from the land the same way they were expelled out of France, Russia, and Germany in the past. Zahar said that the only nation that received the Jews after they were expelled from the European nations was the Islamic nation which protected them.

Zahar claimed that the Jews were expelled in the past because they betrayed, stole, and corrupted the countries and that the Palestinians with their blood can liberate their lands and holy sites in all of Palestine.

## Leaders Reach Historic Iranian Nuclear Agreement

**TEHERAN** - World powers have reached a deal with Iran. This agreement puts limits on Iranian nuclear activity in return for the lifting of international economic sanctions. Iranian President Rouhani said that it has opened a new chapter in Iran's relations with the world.

Meanwhile, Israeli Prime Minister Netanyahu says this agreement is a stunning historic mistake. Netanyahu says that Iran wants to control the world.

David Dolan, a long time journalist in the Middle East, agrees. I asked David, "Does indeed Iran want to control the world?"

**DOLAN:** "They do and you know that we forget sometimes that with the scope of modern weaponry, I.E. weapons of mass destruction which can travel across the globe in just minutes. We should be worried, this is a country that states its goal is world domination. Now Hitler did the same thing He was going to establish the 4th Reich over all the earth, the 3rd Reich would be in Europe and then it would spread to the whole world but lets face it he didn't have the wherewithal to do that, but today all Iran needs is a couple dozen nuclear weapons that can travel on ballistic missiles and they could literally wipe the major

cities of the US and Europe and other places out and effectively begin their march to total world domination."

**DOLAN:** "It is indeed a possibility today that such a thing could occur; so we better take their warnings, their statements, their repeated blustering on this seriously. I think that is what is being said to John Kerry, the US Security of State, by many Senators here in America and others around the world; certainly by Prime Minister Netanyahu that a bad deal is worse then any deal. Anything that allows Iran any sort of nuclear capability is bad for the world and I think that is definitely the case."

## Pentagon Insider Says Iran Is Still A Major Threat

**WASHINGTON, DC** - Colonel Bob Maginnis who serves the Pentagon as an advisor on strategic planning says that the Iranian deal is going to put Iran in a position that they will impact the entire Middle East for the next fifty years. We are not going to see Iran go away as a threat to the Middle East or to any other part of the world.

Here is what Bob had to say from the Pentagon:

**COL. MAGINNIS:** "I think that the Iranians have not backed down from their hegemonic view of not only the region but of the broader world."

**COL. MAGINNIS:** "Given that and given the eschatological views of the Khomeinis and

the clerics that run that place, they see themselves as the helm of the world and anything that interferes with that needs to be dismissed; negotiating a treaty they don't have any intention of following through with makes perfect sense given their theology and the way in which they look at the world today."

## The Sanhedrin Puts US President Obama On Trail

**JERUSALEM** - The Sanhedrin, an ancient Jewish court during the times of Jesus Christ, has been re-formed in Israel, and they are recognized by the Israeli judicial systems. The Sanhedrin has decided to bring President Obama to Israel and they have charged the President with criminal acts against Israel.

The Sanhedrin says that the evidence is the Iranian Nuclear Agreement. With more on this story, here is David Dolan.

**DOLAN:** "It seems like they are planning to do that Jimmy and as you said the 70 Jewish scholars, the Rabbis that sit on the modern Sanhedrin, it

doesn't have the same status in Israel as the ancient Sanhedrin did, it really was Israel's Supreme Court; but as you say over the past few years it's been gaining notoriety and more credence in Israel.

**DOLAN:** "Now of course we have the Iranian Nuclear Deal and the Sanhedrin has put out a statement saying that this is a great danger against the Jewish people, that President Obama is committing "criminal offenses" against the Jewish people by engaging in this Iranian Nuclear Deal; that it is deliberately promoting genocide for the Jewish people and so the judges called on the President

to immediately announce that he is repealing and suspending the agreement or else he would be brought to Israel, or he would at least be put on trial in absentia in Israel.

**DOLAN:** "It looks like they will hold some sort of a trial there and bring up these charges. It shows, it reflects the opinion in Israel, that the Israeli people are overwhelmingly against this nuclear deal, and overwhelmingly believe it will unleash Iran to indeed possibly commit genocide against Israel so it doesn't have much support and therefore the Sanhedrin action is not all that much of a surprise."

# Prophecy is Practical

**AND THERE AROSE NOT A PROPHET SINCE IN ISRAEL LIKE UNTO MOSES,  
WHOM THE LORD KNEW FACE TO FACE,  
- DEUTERONOMY 34:10 (FOR FURTHER STUDY - DEUTERONOMY 34:1-12)**

DEUTERONOMY 34, THE LAST CHAPTER OF THE FIFTH BOOK OF THE TORAH, THE LAST BOOK WRITTEN BY MOSES, IS THE RECORD OF THIS GREAT JEWISH PROPHET'S DEATH. IN FACT, OUR KEY VERSE STATES THAT THERE WAS NEVER A GREATER PROPHET IN ALL OF ISRAEL THAN MOSES, DEUTERONOMY 34:10.

MOSES HAD A FACE-TO-FACE CONVERSATION, NOT WITH GOD SINCE NO ONE CAN SEE GOD FACE-TO-FACE AND LIVE, (JOHN 1:18 AND EXODUS 33:20-23). MOSES STOOD FACE-TO-FACE WITH JESUS CHRIST, ACTUALLY A PRE-INCARNATE APPEARANCE OF JESUS.

GOD HAD CHOSEN MOSES TO LEAD THE CHILDREN OF ISRAEL FROM THE EGYPTIAN BONDAGE INTO THE PROMISED LAND. DEUTERONOMY 34 HAS MOSES IN THE PLAINS OF MOAB, ATOP MOUNT NEBO. THIS WAS A GREAT VANTAGE POINT FOR MOSES TO BE ABLE TO SEE INTO THE PROMISED LAND.

MT. NEBO WAS DUE EAST OF JERICO, WHICH WAS IN THE PROMISED LAND. THE LORD SHOWED MOSES ALL THE LAND THAT HE WAS GOING TO GIVE THE JEWISH PEOPLE, FOREVER. THE LORD ALLOWED MOSES TO SEE THE LAND, VERSE 4B, BUT WOULD NOT ALLOW HIM TO GO INTO THE PROMISED LAND, DEUTERONOMY 32:48-52.

IT IS SO INTERESTING TO ME THAT EVEN THOUGH MOSES WAS 120 YEARS OLD, HIS EYES WERE NOT DIM, DEUTERONOMY 34:7. HOWEVER, MOSES WOULD DIE THERE NEAR MT. NEBO AND HE IS BURIED IN THE VALLEY IN MOAB, WHERE NO ONE HAS EVER FOUND HIS BURIAL SITE, DEUTERONOMY 34:6.

MOSES WAS A GREAT MAN, AN EXCELLENT LEADER AND A PROPHET LIKE NONE OTHER IN ISRAEL'S HISTORY BUT BECAUSE HE TOOK THE GLORY FROM THE LORD, THE LORD PUNISHED HIM. NO ONE OF US IS OUT OF REACH OF THE LORD WHEN HE DETERMINES TO PUNISH US NO MATTER HOW IMPORTANT WE MAY THINK WE ARE IN SERVICE TO THE LORD.

TUCKED WITHIN THIS PASSAGE IS A GREAT PROPHETIC TRUTH, ONCE AGAIN STATED, ABOUT THE LAND THAT GOD PROMISED THE JEWISH PEOPLE. VERSE 4 RECORDS GOD'S PROMISE OF THE LAND TO THE JEWISH PEOPLE.

HE PROMISED ABRAHAM, ISAAC AND JACOB THAT THE LAND WOULD BE THEIRS FOREVER. IT WOULD BE THEIRS AND THEIR DESCENDANTS FOREVER. IN OUR DEVOTIONAL PASSAGE THERE IS ONLY A PORTION OF ALL THE LAND, DEUTERONOMY 34:1-2, THAT GOD HAS PROMISED.

A COMPILATION OF ALL THE PASSAGES ON THE BORDERS OF ISRAEL INCLUDES WHAT GOD WILL GIVE THE JEWISH PEOPLE, SOME TEN TIMES WHAT THEY HAVE TODAY. THE ENEMIES OF THE JEWISH PEOPLE AND THEIR MODERN-DAY STATE WILL TRY TO TAKE THE LAND THAT GOD HAS GIVEN THEM, AWAY FROM THEM. THIS WILL BE DONE THROUGH TERRORISM AND ALL OUT WAR.

HOWEVER THIS ALL PLAYS OUT, ONE THING IS FOR SURE, BIBLE PROPHECY WILL BE FULFILLED. GOD WILL GIVE THE LAND TO THE JEWS. HE PROMISED TO DO SO AND HE KEEPS ALL OF HIS PROMISES. LET'S KEEP LOOKING UP...

...UNTIL

*Jimmy DeYoung*

PRAYER THOUGHT: THANK YOU LORD FOR BEING A "PROMISE KEEPING" GOD NOT ONLY TO THE JEWS BUT TO ME AS WELL AS IT RELATES TO MY SALVATION AND ETERNAL EXISTENCE WITH YOU.

## The Quest For The Red Heifer

**JERUSALEM** - The Temple Institute has announced that they are working to produce a Red Heifer. They actually have a ranch in the Negev Desert, south of Jerusalem, where the work is going on.

Yisrael "Winkie" Medad has more on what's happening. **MEDAD:** "Well here in Israel and from abroad, I remember a case in Texas and some other places, where those who are committed to attempting to recreate elements of the Temple worship in preparation for the time that we can get going on the Temple and the sacrificial works and other elements of the high priest and others; it's a very complicated issue as you know well Jimmy and I just want to make sure our readers know it is a very, very difficult ritualist type of ap-

proach, but one of the main elements is the red heifer because without that technically we are impure in a spiritual sense. People have tried to help us in the past."

**MEDAD:** "The newness of this information this past week or so is that they are using genetically engineered elements that modern science is providing us in order to perhaps perfect the, or increase the probability that we can obtain the red heifer that is unblemished as the Bible tells us."

Yisrael "Winkie" Medad, a long-time broadcast partner with us on our broadcast, Prophecy Today, reporting on the activities of the Temple Institute in producing a red heifer for the sacrificial system to be in place in the next Jewish Temple in Jerusalem.

## Poll Reveals That Israelis View Obama As Pro-Arab

**JERUSALEM** - In a recent public opinion poll taken in Israel, a very lop sided plurality of 42% of Israelis viewed President Obama as pro-Arab and only 7% see him as pro-Israel.

Meanwhile, a rabbi who served in the Israeli Knesset, Rabbi Chaim Druckman, says that US President Barack Obama thinks he holds the wheel in his hand and leads the world, but according to the rabbi, the people of Israel deal with the Almighty who leads this world.

The Israeli rabbi who says the Almighty, not US President Barack Obama, leads this world and controls Israel is right on target according to Bible prophecy.

For more than a year, US President Obama has been dictating to the Israeli government what must be done in order for the peace process to work and to bring an end to the Israeli-Palestinian conflict. President Obama first addressed the Islamic world from Cairo, Egypt and said that the Israeli Jewish settlements are illegal and must be removed. The recent flap over Jewish building in Jerusalem is the absolute evidence that President Obama wants to control the Israeli government and its prime minister. This motivated one very prestigious Israeli rabbi, Chaim Druckman, to say the obvious, that Barack Obama is not the Almighty and that the Jewish state does not take direction from President

Obama but the Jews take their orders from the Almighty.

God's Word, the Bible, does agree with the rabbi that the Almighty is still in charge. God brought the Jews into existence and they are His chosen people, Deuteronomy 7:6-8. God has chosen to dwell among His people, the Jewish people, in Jerusalem and that He will do forever, Psalm 132:13-14.

Today, not all of Judaism does look to the God of the Bible as their leader. However, there is a segment of Jewish people who believe in the new covenant of Jeremiah 31. It says that the Lord will be their God and the Jewish people, the Almighty's people, and that will happen in the future, Jeremiah 31:31-34.

## Euro Central Bank Pres. Calls For One-World Economy

**FRANKFURT** - Jean-Claude Trichet, the president of the European Central Bank, has called for global governance of all financial institutions saying it is extremely necessary if the world wants to prevent another financial crisis like what is happening today. Trichet em-

phasized that politicians, economists, and financiers must work together and collaborate on methods to create an international set of standards and that through this global governance the resiliency of the global financial system can be assured.

This call for global governance of all financial operations even national governments has been motivated by the economic problems of Greece and many other nations in the Eurozone, as well as the volatile nature of the economy of the United States of America.

## Rabbi Says Abortions Delay Redemption Of Israel

**HAIFA** - In a letter released by the former Chief Rabbi of Israel, Yona Metzger, he calls for all rabbis in Israel to strengthen their work in the anti-abortion campaign and wants each of the rabbis to take steps to reduce the number of abortions each year in the Jewish state.

Rabbi Metzger also said that abortions among Jewish people actually delay the redemption of the Jewish people, and the former chief rabbi called on every rabbi in Israel to devote their sermons to emphasize the severe Halakuk Jewish Law that prohibits any Jewish

woman from having an abortion.

Rabbi Metzger wants all Jews to remember the story of Moses as found in the first several chapters of Exodus and how this great Jewish leader himself escaped the horrific act of abortion.

## Islamic Cleric Claims There Will Never Be A Temple

**JERUSALEM** - Recently, as many as ten thousand Muslim children were on the Temple Mount in Jerusalem. This was to demonstrate that the next generation of Muslims that will defend and continue the safe-keeping of the Temple Mount, the Al Aqsa Mosque, as the Muslims world refers to it. This piece of real estate is sacred to the Jews, Muslims, and Christians.

The Mufti, Sheik Sabri, told the thousands of children swearing by Allah that the Jews will never return to take the Temple Mount and build their Temple there which is the Jewish dream, and the Mufti said that dream will never be fulfilled.

As the controversy over the Temple Mount in Jerusalem intensifies, the Mufti, a high ranking Muslim cleric, Sheik

Sabri, told up to ten thousand Muslim children recently gathered on the Temple Mount that they must defend Al Aqsa and never allow the Jews to rebuild their Temple on this sacred site. For the Mufti to tell thousands of Muslim children that the Jews must not be allowed to build a Temple on the Temple Mount is in total contradiction of what God's Word reveals for the End Times.

## *Jimmy DeYoung's* Prophetic Prospective on the News

### Deal Or No Deal - Iran's Still A Major Threat To Peace

Iran will be a major threat in the future according to Bible prophecy. Iran is mentioned as Persia in Ezekiel 38:5. Until 1936, Persia was the name for three states we know today as Afghanistan, Pakistan and Iran. Iran is going to play a key role in the alignment of nations that will come against the Jewish state of Israel. Psalm 83:4 says there will be a call for Israel to be destroyed and Iran on a continual basis repeats that statement, they will wipe Israel off the face of the earth.

Bible prophecy tells us that that will be the case. Iran's (false) eschatology comes from the belief that the 12th Imam will come back to power, he will raise from the dead, and he will be the Mahdi, that's Arabic for Messiah; he will come forth into this world to set up a worldwide caliphate, a world dominion, which actually fits into the plan that the ancient Jewish prophet Ezekiel wrote about some 2,500 years ago, that one of the major players would be the nation of Iran. True eschatology, based on God's prophetic Word, will be fulfilled.

### The Sanhedrin's Trial Is Evidence Of Bible prophecy

The fact that the court of the Sanhedrin is operating in Israel is evidence that there could be a Jewish Temple on the Temple Mount in Jerusalem very, very soon.

The Temple Institute is the group that has been preparing to build the next Temple on the Temple Mount in Jerusalem. They have trained all the Priest to operate that Temple and they are in the process of making their garments. All the furniture has been prepared, the implements there in storage, waiting for the Temple to be erected on the Temple Mount. And in order to be able to build the Temple they need the Sanhedrin, the Jewish court, to watch over the construction and the operation of the Temple.

The Sanhedrin is up and operating as a part of the Israeli judicial system, which is evidence that the rebuilding of the next Temple in Jerusalem is close at hand.

### Things Are Coming Together For The Next Temple

The final thing to be done for rebuilding the Temple in Jerusalem is to have a red heifer.

The Temple Institute has led the preparations for the rebuilding of a Temple in the city of Jerusalem. They have trained 28,000 men to do the priestly duties. They have all the Temple furniture to go into the Temple. They have all the Temple implements for the sacrificial system. And they have over 4,000 harps; however, there is something that they still need and that is a red heifer for the purification of all those who will serve in the Temple and the implements and furniture that will be used in the Temple. The Temple Institute is now working at producing a red heifer.

The Bible tells us that all of these things will come together for a Temple very soon now, in Jerusalem. That's Daniel 9:27, Matthew 24:15, 2 Thessalonians 2:4 and Revelation 11:1-2. These are the scriptures that guarantee that there will be a Temple in Jerusalem. Producing a red heifer is the final step in this process.

### The Ever-Growing Call For A One-World Economy

At the height of the present world economic crisis there were many world leaders calling for an international economic structure to be put in place even though many world leaders say we are better off today financially, there are also many who doubt we can come back. The recent bail out of Greece with a record breaking total of 146 billion dollars is evidence that this world still is in bad shape economically. European economists say Greece was only the tip of the iceberg and that Spain, Portugal, and Italy may be next to fall financially with Great Britain and even the United States who could also follow suit.

This call for global governance of all financial operations is setting the stage for the prophetic scenario that can be found in the book of Revelation. Revelation 18 foretells of a one world economic structure that will be in place in the last half of the seven year Tribulation period and it will be headquartered in Babylon located in modern-day Iraq. The world leader - the Antichrist - will require all who want to buy or sell, in other words, to sustain life, they will be required to have an identification mark on their forehead or the back of their hand (Revelation 13:16-17). It seems very possible that a worldwide economic crisis could cause humankind to take this mark under an economic global governance.

## THINK ABOUT THIS

The eyes of the world were on Iran as a deal was reached allowing them to continue their nuclear program - under supervision. Some strongly doubt whether this supervision will stop, or even slow, Iran's development of nuclear weapons. And many fear that, nuclear weapons or not, Iran will bring war to the region by attacking Israel, as they have often threatened.

Bible prophecy does not mention nuclear weapons, but the prophets do say that the total destruction of the Jewish State is on the agenda of the alignment of nations against Israel in the Last Days, as found in the prophetic books of Ezekiel, Daniel, Joel, and Micah; as well as the book of Psalms. Iran is a major part of that alignment.

The fact is, Iran is a dangerous country, and one day their threats will turn to action. That is a sure thing, as is all of Bible prophecy - including God's promise to the Church that He will send Jesus to gather us Home in the Rapture. The Rapture could happen at any moment. Let's keep looking up...

...Until,

Jimmy DeYoung
