Dear Pastor,

In Medical Mission Outreach's 13 years of existence, we have seen God work to bring salvation and healing around the world. Thank you for being a part of helping us reach the hurting who live in darkness. Your prayers and financial support enable us to make an eternal difference in mission works that are reaching their communities for Christ.

The Growth

The exponential growth of the past two years has our heads spinning—isn't that how God works? He has expanded this ministry past our original vision, while we've just tried to hang on and keep up with what He is doing!

In the last 24 months alone:

- Over 39,000 patients treated and presented with the gospel
- 37 mission works assisted on 5 continents
- Over 156,000 prescriptions have been filled in our pharmacy
- MMO's first surgical center beginning construction in Honduras (all construction costs given through a generous donor!)
- More than 3,800 salvation decisions

The Request

Medical Missions Outreach has never asked for financial support beyond the monthly giving each church sends us, but we have prayerfully decided to make you aware of an opportunity to help alleviate some growing pains that have come in these exciting days.

The commercial property adjoining our sending church in Baltimore has recently been put on the market. Both the building and location are ideal for our needs and would enable us to store our supplies at one site (instead of renting multiple storage units) where we could access them instantly. We would have more space to receive donations and could organize for trips much more efficiently. In short, this property would revolutionize the day-to-day workings of MMO and make every single trip better. The cost of the building is \$350,000. The owners have agreed to a "lease-to-own" contract with us, but require that \$50,000 be paid up front on January 1, 2016. The balance would be due December 31, 2020. We would be making monthly payments of \$2,500 or more, as the Lord provides.

Will you pray about a special gift to Medical Missions Outreach toward the purchase of this property? Watching God work over the past 13 years through the sacrificial giving of His people leaves us with no doubt that He will bless His work and give eternal rewards. How will you get involved with what He is doing?

Sincerely,

Bradley Edmondson
