Papua New Guinea

"I have made the earth, the man and the beast that are upon the ground, by my great power and by my outstretched arm, and have given it to whom it seemed meet unto me." - Jer. 27:5

We have recently seen God's "great power" in a number of ways. We have been involved in the Bible project spearheaded by BIMi to provide Bibles to all students in PNG (over 2 million). The first phase includes providing and distributing the Bibles to the high school students. We have now given the Bibles to five different high schools in the area (about 3,000 students). During the distribution we had the great privilege to preach the glorious gospel of Christ to all. We have seen souls saved and folks visiting our church as a result!

Another way that we have seen God's "outstretched arm" is through His miraculous provision of funds to purchase the land for Western Baptist Bible School.

The end of February we sent out

July- September Update

an update detailing our need for \$18,000 to pay off the land. Praise God all of those funds have now come in!!! We want to say a huge THANK YOU to those that have sacrificed to be a part of this project. The way that God has worked through you has greatly encouraged us and built our faith.

We have now arrived in the Capitol city of PNG, Port Moresby. We will be staying here until our fourth child arrives. He is due in the next few weeks, so please be in prayer for Rebecca as she goes through this while in a foreign country.

Just before we left I was able to have a small graduation for 5 of my 8 students. After 7 months of faithful studies, these 5 men have completed their first course in the Bible School. They were presented a certificate and have promised to return for the second course which will start next year. Many

more have expressed interest in the Bible school as well.

Please pray for:

Short and long-term helpers to assist us in this great work
Wisdom for our future ministry goals and outreaches

Church plant in Ningerum

The right students for our next school term
