Fall/Winter Newsletter 2016

Dear Friends in Christ,

Greetings in His holy and precious name! May this newsletter find you dear ones in the center of His precious will for each of your lives.

Physical condition:

I celebrated my 86th birthday this month and I am still able to travel and take care of the house and yard. Still being able to do is has richly blessed me! And as you know, Geneva has Alzheimer's and has been getting worse each month. She is now under hospice care. These dear people have been a special blessing during this difficult time. Please continue to especially pray for her and for her physical condition.

New Ventures:

As you already now, we purchased a camper back in July and an 8 cylinder pickup in which to pull it. We made our "maiden voyage" in July and had a meeting in Dothan, Al. The Lord richly blessed us and we were able to get out 2 large boxes of New Testaments. On our way home, we went through 3 heavy thunderstorms but our Lord brought us safely home. A few weeks ago we had meetings in two different churches near Tuscaloosa, Al and were able to get out 3 boxes of our special New Testaments. It was a blessed trip altogether. Just yesterday, a friend of Geneva's and mine gave us \$40 cash to help support our ministry and the Bible mail out. Its people like her and supporters like you that God has used to bless this ministry.

Prayer Requests:

We are praying that the Lord will raise up carriers to help transport boxes of bibles to different churches. Please also pray for one of my nephews, Doug Morris. He and his wife, Charlotte, have made a commitment to do this around churches in Dothan, GA and Florida. Lord willing they will be coming to Hattiesburg in the near future to stay with us a few days. While here, they will receive some training concerning Israel and Bible prophecy. Also be in prayer for Bro Tom Fields who has recently been diagnosed with Lyme disease. He and his wife live near Lafayette, Al and have faithfully supported our work for many, many years. We love you all and pray for you daily!

Yours for Israel's Salvation,

Jack and Geneva Davis

Remember to keep looking up, for He just might come today!
