

# The Jackson Family Alan & Becky

June 2017

Hello, Praying Partners and Co-laborers in the Ministry,

I mentioned in our last prayer letter about the marriage seminars we were having on Sunday mornings. It is amazing to see God working in the home, marriage, and family. These services were the most attended services of the week, and through these services many marriages were strengthened. However, when God shines the light on our marriages, He will reveal some areas that demand attention.

It was truly amazing to see new families coming to church to be a part of these classes. This past Sunday we celebrated "Renew Your Vows Sunday." Three couples that are already married civilly renewed their vows in a church wedding. There were wedding dresses, wedding cakes, and food for everyone attending. This was a special day for our church. We desire to glorify God in our marriages, homes and our families.

Since the class ended several of the families have stayed, accepted Christ as their personal Savior, and now desire to have a holy life. So, we have three new weddings scheduled in the next couple of months. For those of you who have donated wedding dresses we thank you so much.

Over the last several weeks we have seen an increase in visitors. There has been an average of about five new visitors a service due to the soul-winning efforts on Saturday afternoons. While on visitation several have made decisions for Christ, however, the last few services we have seen God bless and people are accepting Christ during the church service.

Glory to God for those who are being saved and willing to be obedient to the Lord in baptism. We have had two baptismal services in the last two months in which 17 people have followed the Lord in Believers' Baptism.

I believe that God is blessing because we as a church are praying for revival. Revival is a new concept for many in the church. Many are not sure what it means to have a revival. Is it possible to have revival today? Can Christians in today's church experience something that we have read about in years gone by? I believe we can! I know we can and we are asking you to please pray with us for a special moving of God in our church that will affect the church family and ultimately the country.

Thank you so much for praying for our new bus. We had many people want to help with the purchase and we are thankful to the Lord for your prayers and financial help. This is one of two buses that we are purchasing. We are still looking for another bus and hopefully in the next couple of weeks we will have a new bus.
