LIEDTKE UPDATE BELIZE

May, 2017

Dear Friends,

The past month has brought many twists and turns, all superintended by God 's loving hand. The first thing was we received our Belizean Residency! Many of you have been praying for us on this for over 2 years.

Secondly, here is the team the Lord has brought together to work in Buena Vista and Blackman Eddy. Glad to have all members now on the ground! Please pray for the Ek and Dinsmore families !

A brother in the church was selling his tiny house, so we were able to purchase and move it to the Buena

Vista church property and set it on top of the storage area, for Pastor Sam and Elsa to live in.

We are also praising God for leading us to a good cardiologist up in Merida, Mexico,. I had experienced chest pain and dizziness with shortness of breath and tiredness for the last year. We traveled up just last week for a catheterization and they found one of my arteries was blocked 70%. So an angioplasty and stent was put in and I am feeling better!

Please pray for us as we pack up and leave for a year furlough starting the first of June. We have many meetings lined up and look forward to reporting in person! Yours for Belize, Mark, Brenda, and Libby Liedtke
