

The Quinlans to Micronesia

Dear Pastors and Praying Friends,

August 23, 2017

Thanks to all of you for the prayers and support. We have had an exciting couple of months here on Guam. We had a great outreach at the Liberation Day Parade, July 21st. Almost 2,000 tracts were given out and one person was saved. Three other church planting missionary families participated; and, we all finished with a cookout on the village grounds. This seemed to be the most effective ministry so far for this event.

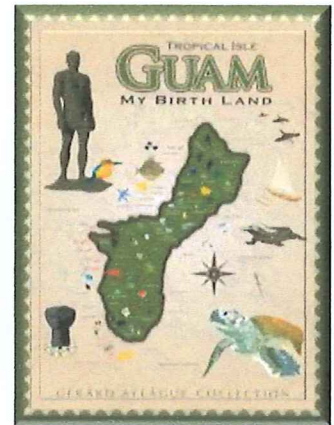

Our Vacation Bible School also hit a record high this year with over 90 kids registered and four professions of faith. It was a great week of teamwork in preparation, Bible teaching on King David, and Bible Memory starting with the Romans Road. We were given a large love gift from the Campus Church at PCC for the building project which enabled us to level the property and pour a concrete pad next to the new building. This allowed us to have activities and serve food every night under the canopies. We praise the LORD for such a great week. We have also seen three additional adults saved through visitation and personal witnessing by one of our church members, as well as an increase in military families visiting the church.

Rachel, our oldest daughter, will be leaving on the 24th of this month to attend Pensacola Christian College. This is a big step and a long separation. Please pray for her and for the family as we make this adjustment. This is an exciting time to serve the LORD!

With the help of Pastor Jim Kohr in the States, we have been working on updating Lighthouse's website and have just loaded it onto the web this week. We are really pleased with the outcome and wanted to share it with you. It has various pictures including our recent VBS. It is exciting to see how the LORD is blessing here in the work. Please find it at lbcguam.org. Thank you so much for your prayers, notes, gifts, and support. All Glory to God!

Love in Christ,

Sean and Tammy

Please pray for

- Continued pouring of concrete and building plans and inspections
