Dear Pastor and Church,

Barbara and I were committed to go to FIJI in May to relieve one of our missionaries, Paul Daku, for four or more of the nine months he needed to be back in the States.

We had to cancel due to some bodily injuries during a move from one house to another. Barbara fell and broke her right finger in half, injured her right knee and shoulder both of which she had had surgery on recently. She had pins and a cast put on her right hand and wrist for it to heal right.

I am heading back into surgery with my lower back. I have a pinched nerve in the L4 causing much severe pain and numbness in my hips, legs and feet. There is not enough strength in my legs to support my upper body causing me to fall a lot injuring my hands and arms.

We are in a physical "mess" right now and would appreciate you praying with us about these issues. We are thankful for so many friends and family that have and are helping us. For the first time in my life, I cannot do anything but sit and endure the pain. Barbara and I covet your prayers.

We cannot thank you enough for your prayers and support. It is our desire to be busy for the Lord doing His Work. If all goes well we will be going to the Philippines in September to help Missionary Hurst. God bless you all.

In His Majesty's Service
