

The Snyders

Missionaries to HONDURAS

October 2018

And the vessel that he made of clay was marred in the hand of the potter: so he made it again another vessel, as seemed good to the potter to make it.
Jeremiah 18:4

We are all as the clay on the potter's wheel, marred and in need of the Master's hands to make us again. That is why he has given us the way of salvation. By salvation, in the blood of Christ, we have the chance to be made new by the Master. He can mold us anew into what he knows is best for us.

Thank You Lord!

We want to thank the Lord for the many visitors that have come to church the last couple months. We are still very much praying for this church to grow and the Lord knows that there are many souls that need salvation.

The young people have been very excited about the meetings we have had just for them. We have had 12-15 each month and we have done three meetings already. I have preached to them about sanctification and how defiling the flesh undermines what God is trying to do in our lives.

I have a request that I will preface with some information. I worked on my message for Sunday morning a few weeks back then I went out to get two flat tires fixed. One rim needed to be repaired and the other tire could not take a sixth patch. I worked on my message some more. Then I found a used tire for \$65, I was very excited because a new one is over \$200. I worked on my message then next day I took the rim to be repaired. I had to repair the exhaust because it was really loud. A welding shop had a new length of pipe and before the rain got heavy it was finished. The next day the wire holding the broken leaf springs together had to be replaced. Oh yah, I worked on my message. My exhaust job did not hold so I had to add some more sheet metal, it's better now. Another flat the next day and the rim needed to be repaired and the tire has not been replaced yet. Today I put the front drive shaft back in, because the rear drive shaft has hit the gas tank twice. We have a broken strut on the front and a broken shock on the back. We have been driving on only two gears for over a year.

We need a new vehicle, a true 4-wheel drive vehicle that runs on diesel. Did I mention gasoline is over \$4/gal. PLEASE PRAY and ask the Lord if you can help get a reliable vehicle for this ministry. One church has given \$1000 already. We need a 4x4 van that can survive in this terrain.

Please send money to WFTW - Snyder Vehicle Fund.

Thank you for praying, God bless you all!
