## Planting Churches Around the World

April 7, 2018

Dear Friends,

We left Belgium after a wonderful Easter Service on Sunday and rested up on Monday because everything was closed. Early Tuesday morning, we rented a car to drive just over seven hours to Germany, arriving around 5 pm. After some fellowship with the American missionary and his wife we drove to the guesthouse for some rest and a good night's sleep.

The next morning we were up to meet for breakfast and to talk over what was expected of our visit here in Germany. There has been a church planted in the town about thirty minutes from our guesthouse and we were invited to give a few minutes' testimony and be in their prayer meeting. We had a great time enjoying the fellowship and praying with these Christians. We arrived back to our room about 10 pm for a time of rest and sleep.

Thursday we drove about an hour and a half to another town for their prayer meeting and testimony time. There was a good group of people in attendance and we were well received. It does not matter where you go in the world, meeting a Christian is always the same; both you and the believer have so much in common. It is a great joy meeting people you have not met before, yet there is such a bond through Jesus Christ. He makes a great difference in everyone who believes the Gospel and accepts Christ into their heart. It is the same all around the world. We arrived back to our room about midnight. The bed felt great, and we rested up to be ready for tomorrow.

Please pray for the power of God on our lives and much fruit for our labor.

Dr. T. J. Tilley

Mark 13:10
