**Therefore being justified by faith, we have peace with God
through our Lord Jesus Christ: Romans 5:1**

The greatest joy anyone can know, is to have peace with the Creator. You would think that a moment's contemplation would suffice to awake any man to the terror of the position involved in being at war with God. Please don't miss the opportunity to make peace with God through faith in Christ.

Thank You!

We were blessed to have a church purchase a new printer for making tracts. We have already printed and distributed over 12,000 tracts with the new printer. We had an evening of cutting and folding tracts at church and we were excited that five of our folks were able to join us. We are planning to make it a monthly meeting.

We would also like to say thank you to many of you that help with the care and feeding of these beautiful children that the Lord has added to our home. Our support has dropped significantly this year and we are thankful for those that have helped pay for clothing and medical care for the children.

God's House

We have had several visitors in the last few months and of those two have stuck. We also have a lot of children that are on the verge of being saved, or so I believe. We have many between 9 and 14 that are in need of making a choice for Christ. They have heard salvation explained many times from every angle. Now we are asking the Holy Spirit to work on their hearts to convict them of their sins and bring them to *"... a broken spirit: a broken and a contrite heart."* So that they will see their need to for *"repentance toward God, and faith toward our Lord Jesus Christ."*

We started a youth meeting for our young people. We would like to reach them with the idea that you do not have to be sexually active by 15 and that the mores of society do not apply to the children of God. This society, like most of the world, is messed up with sex and sin. Here it is more obvious because the boys are raised to think of the girls as just something to use. Most people claim to be Christians but they see sin as something that you just do, not as something that you should fight.

God bless you all!
