Church update

We have been teaching on the membership of the church this past month. It has been a blessing seeing the people grasp ahold of this concept. The "Baptist" religion is new here so it is very important to teach on the very basics of the doctrines. Many times because we are not Catholic or Jehovah Witness we are put in the same category as the Pentecostal church and we are marked Evangelical. We basically need to teach and preach why and how we are different from these other "religions." Please pray for the people of the church so they continue to grow and follow the Lord in the relationship with Him.

This last month we had our first couples meeting and our first ladies meeting. Both were very well received. These meetings are another way we can teach the Word of God and to invite new people who may be hesitant to coming to church.

I have also been planning the next year with the men in the church. We are excited about the many possibilities that are waiting for us. I will speak more on the goals and plans for the ministry in the next prayer letter. But we can say we are blessed to serve the Lord here and we are excited about what the Lord is doing in the ministry. Please continue to keep us in your prayers as we minister to the people in Chile.

Specific Prayer Request

The government here has recently changed their immigration laws making it harder for people to enter and even harder on those that are here and want to stay. Our Chilean ID cards are now expired which makes it harder to do things here. We started the process to renew the cards way in advance of the expiration date but we still are "in process." To clarify, we still have our permanent residency, which means we are legal to stay. But the issue we have is with the ID cards. When these are expired there are many things we can not do here. Would you please pray that this process to go smoothly and we would not have any other complications? We appreciate your prayers for us but specifically in this matter.

Prayer Requests

- Growth in church (numerically and spiritually)
- Chilean ID's to be renewed quickly
- Souls to be saved
- Continued visitation efforts

We thank you so much for your prayers and financial support for us and the ministry here in Chile. We thank the Lord for you all and pray for you often. Only on the other side of heaven will you truly see and understand how the Lord has and is using you all in this ministry.

God Bless,

Chacon Family
