Dear faithful pastor and church,

For another year you folks have stood by us and the Lord's work here in Costa Rica and we are so very grateful. It's for sure that 2018 has not been without it's complications and adversities but it's blessings and victories have far outweighed its difficulties. The attachment is a general report of the workings of the Lord in your ministry here in Costa Rica during 2018. You will surely rejoice with us. Please, take note that our three churches in Cuba, our island ministry in Panama plus our AVANCE Sport outreach ministry which operates in three countries and under our leadership are not included in the report because the information was not available at the time of this publication.

And, praise the Lord, 2019 has started with a wonderful miracle and a major victory. Again, praise the Lord!!!! One of our dear pastors and leader of our fellowship of churches here suffered a devastating blood clot in the brain as well as a brain hemorrhage (severe stroke). The Doctors warned us that because of the damage to his brain his condition would be that of a vegetable. Ha ha ha!! Sunday morning, after less than a month after the 'disaster' with the help of his wonderful wife he stood in his pulpit and gave a brief but glorious testimony to the mercy, grace and power of his Savior.

2019 we are ready for ya !
