England: The Lion of the Kingdom

England's long and storied history culminated ultimately in the United Kingdom being the world financial and political power. At the height of the Empire all the world set their clocks by Big Ben, the pound ruled above all currencies, and the fashions of London inspired ladies of the world.

Spiritually, they were also the heart of Christianity for the world. From these isles ventured forth missionaries around the globe. Through the work of the British the light of the gospel went into the world, but now, those who once evangelized the world must be evangelized.

Skepticism, rationalism, and false religion have led the English into a new dark age made more desperate by the fact that it is lit with false lights; the light of skepticism, the light of secularism, the light of self-worship. Therefore it falls to us to return to them with the true light of glorious gospel of Christ.

England is the largest country in the UK by population. They are also the greatest influencers of change in UK. The three largest cities in England are:

- 1.London: 14 million people
- 2.Birmingham: 4 million people
- 3.Manchester: 3 million people

Please pray that they will be reached with the gospel!

It's a Boy!

As you know we are expecting our second child in July. We're excited to let you know that it's going to be a boy! It will be a new adventure for us to raise a boy and we couldn't be happier! Thank you for praying for the baby and mom!

Sincerely,

Sam, Beth, Ruby and baby boy Quinn
